

# Tri-C Arena Footing

premium, eco-friendly ground rubber product

**Tri-C Arena Footing** crumb rubber footings are the premium choice for horse arenas. The sized reduced rubber is ideal for dressage, jumping, and all purpose arenas.

**Tri-C's Arena Footing** will reduce stress related injuries to horses by cushioning their joints. Riders and horses both enjoy its slightly springy feel, while still being resistant to slipping and sliding. **Tri-C Arena Footing** has low replacement cost, minimal dust and mud, it is non-freezing, and requires care free maintenance. Enjoy the resilience and durability of **Tri-C Arena Footing**, made 100% recycled tire rubber. This affordable product will perform year around in both indoor and outdoor arenas.
